## PREFACE.

---

THE present volume is numbered fifteen, part one, of the Alphabetical Index of the Births, Marriages and Deaths recorded in the City of Providence, and is the second of a set of three volumes to contain an index of the births, marriages and deaths recorded in Providence for the years 1901 to 1910, inclusive.

It is an index of the deaths recorded for the above named years, and is printed from a card index made as the deaths are recorded. The deaths referred to in this volume are recorded in the bound volumes of the Records of Deaths beginning on page ninety-nine of volume twenty-one and ending with page three hundred forty-four of volume twenty-three. Chapter 616 of the Public Laws passed the Second of March, 1899, provides for adding to the records any names which were for any reason omitted when the record was made. Such additions are contained in volume A3. Sixty-five deaths recorded in volume A3 are indexed in this volume. Of these all but two occurred out of the city, and the record was made later, when it was found to be necessary for legal purposes. The two exceptions were persons dying at the Rhode Island Hospital whose bodies were removed by out-of-town undertakers at a time when there was no *state law* requiring permits for burial or removal from the city. The following table shows the number of decedents, including stillborn and non-residents, whose names are recorded in Providence for each of the ten years from 1901 to 1910:

Years.	Deaths in City.	Non-residents.*	Stillborn.
1901	3,444	350	216
1902	3,394	407	216
1903	3,895	500	252
1904	3,593	469	260
1905	3,474	318	215
1906	3,816	557	222
1907	4,001	732	259
1908	3,570	533	269
1909	3,535	573	269
1910	3,982	508	253
	<hr/>	<hr/>	<hr/>
	36,704	4,947	2,431

Total of the three classes, 44,082.

\*This refers to persons whose homes were in Providence, but who happened to die outside of the city.

The following shows the number of names in this volume under each letter of the alphabet :

A .....	1,353	J .....	843	S .....	3,588
B .....	3,965	K .....	1,408	T .....	1,495
C .....	4,282	L .....	2,018	U .....	157
D .....	2,830	M .....	5,737	V .....	384
E .....	576	N .....	632	W .....	2,161
F .....	1,820	O .....	850	X .....	3
G .....	2,559	P .....	2,160	Y .....	99
H .....	2,854	Q .....	167	Z .....	112
I .....	202	R .....	2,159		
Total.....					44,414

The number of names in the above does not correspond with the number in the preceding table because some records are indexed in two places on account of uncertainty as to the correct name, but chiefly because in case of twins born dead, or dying without a given name, there is only one reference in the index.
